Health Care Delivery

The Major Players

Master Agreement

○ 3 step process:

- Master Agreement
- Task Order for Medicaid Reimbursements
- Medicaid provider enrollment

MASTER AGREEMENT BETWEEN THE STATE OF MONTANA, DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES AND THE CROW NATION

PREAMBLE

Indian Tribes are sovereign nations and a unique government-to-government relationship exists between the *Crow Nation* and the State of Montana. The best interests of the *Crow Nation* and the State of Montana will be served by engaging in government-to-government relationships and respectfully recognizing the rights, duties and privileges of both Tribal and State citizenship. The State of Montana and the *Crow Nation* working together in government-to-government relationships and engaging in Agreements for the benefit of Indian and non-Indian residents promotes effective Tribal-State relations.

Task Order Services

○ Examples:

- WIC
- TANF
- LIEAP
- SNAP
- MEDICAID
- Medicaid Administrative Match (MAM)
- Etc.
